

Perito Moreno Glacier, Argentina

BARILOCHE TO USHUAIA

Tierra del Fuego and the End of the World

Our 13-day *Bariloche to Ushuaia* Adventure begins in Bariloche, one of Argentina's most popular vacation resorts. Located in Argentina's Lake and Volcano region, the riding from Bariloche is spectacular from the start. The Adventure ends in Ushuaia - the southernmost city in the world to which it's possible to ride a motorcycle.

This Adventure is not a rugged "expedition". More than 95% of the route is paved, and that which is not, is generally hard-packed gravel in good condition. The trip is suitable for someone with limited off-pavement experience as well as for two-up riding.

This tour to "El Fin del Mundo" is designed to provide time to explore the most interesting attractions in this part of the world.

This is surely one of the most interesting ways to get to "the end of the world!"

Key attractions include:

- A two-night stay in Bariloche
- A free day in Bariloche with the option to ride the beautiful motorcycling roads in the area
- An overnight stay in the historic town of Puerto San Julian, where Magellan and his crew spent the winter in the town's harbor in 1520
- A two-night stay in El Calafate, from which we will visit Los Glaciers National Park and the Perito Moreno Glacier. View one of the largest and most impressive glaciers in the world, where huge chunks of ice "calve" and crash into the water regularly
- A two-night stay at Torres del Paine National Park - one of South America's most popular national parks
- A ferry crossing of the Straits of Magellan to the island of Tierra del Fuego
- Tierra del Fuego National Park, just a half-hour ride from Ushuaia

13 days, Bariloche to Ushuaia, Argentina

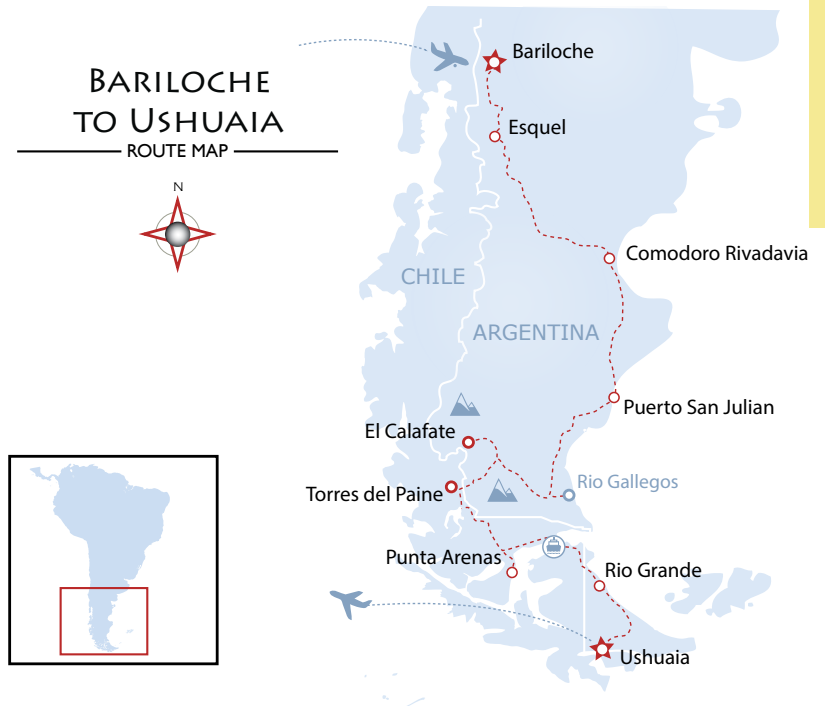

January 15 - January 27, 2020

January 13 - January 25, 2021

Torres del Paine National Park, Chile

RIDING CONDITIONS

The roads are mostly paved and in very good condition. There are approximately 200 or so miles of gravel but the gravel is hard packed and well maintained. The paved roads vary from straight and level to wide mountain sweepers. High winds are often prevalent in Patagonia but the windy sections of the trip is almost entirely on paved straight roads. This tour is suitable for two-up riding.
