MUNICH TO ISTANBUL

A Motorcycling Odyssey - From Europe to Asia and Return

This 35-day Adventure begins and ends in Munich. It includes 14 different countries, and features approximately 5,000 miles of exceptional motorcycle travel. From Germany, the tour continues through Austria, Slovenia, Italy, Croatia, Montenegro, Bosnia-Herzegovina, Albania, Greece, and Turkey. After exploring Turkey, the trip returns to Germany via Bulgaria, Romania, Hungary, Slovakia, and Austria. There is virtually no repetition of the eastbound route during the return to Munich.

Key attractions include:

- Historical cities and world heritage sites such as Split, Dubrovnik and the Meteora Monasteries in Greece
- Extraordinary motorcycling along such world-class destinations as the Croatian coastline, the Turkish Sea of Marmara, the Carpathian Mountains of Transylvania and the winding roads of Austria's backcountry
- A free day at the Plitvice Lakes in the mountainous area of Central Croatia - A UNESCO World Heritage site
- Several free days in Greece to explore the Chalkidiki Peninsula and the "Green Island" of Thassos - an island located in the Aegean Sea that is famous for clean beaches, hospitality, tasty wine and magnificent honey
- Several free days in Turkey, including Akyaka - Turkey's "seaside secret" - a beautiful village beach resort that sits at the head of the beautiful bay of Gokova
- Two free days in Istanbul, a "transcontinental city" that straddles the Straits of Bosphorus - the dividing line between Europe and Asia
- The Transylvania region of Romania, including a free day in Braşov
- A free day in Budapest, Hungary - an extensive UNESCO World Heritage Site and a city that has been cited as one of the most beautiful cities in the world
- An overnight stay in Sighişoara. This small town (a UNESCO World Heritage Site) is one of the most beautiful and best-preserved medieval towns in Europe. It's also the birthplace of Vlad Dracula (also known as Vlad Tepes - Vlad the Impaler) who inspired Bram Stoker's fictional creation, Count Dracula.

While the rest of the group was touring Dracula's Castle, I went out for a ride by myself up in the mountains. An old shepherd waved at me as I rode by and I turned around and went back to say hi. We had about a half hour conversation with neither of us speaking the others language but with pantomiming he was able to tell me his story.

This type of encounter is one of the main reasons I like to go on Ayres motorcycle tours. The freedom to explore on your own and not always have to be with the group sets your company apart from most of the others. There isn't the pressure to stay with the group and I never would have gotten a chance to meet this fella if I wasn't by myself.

RIDING CONDITIONS

The route is entirely paved with a variety of road conditions including wonderful sweeping roads as well as some technical riding on twisty, narrow mountain roads with several hair-pin turns. There may be some short sections of gravel (5% or less). Riders may also encounter potholes, rough surfaces, animals and busy traffic in the larger cities. The trip is intended for experienced riders but is suitable for two-up riding.
