

Torres del Paine National Park, Chile

BARILOCHE TO USHUAIA

Tierra del Fuego and the End of the World

Our 13-day *Bariloche to Ushuaia* Adventure begins in Bariloche, one of Argentina's most popular vacation resorts. Located in Argentina's Lake and Volcano region, the riding from Bariloche is spectacular from the start. The Adventure ends in Ushuaia - the southernmost city in the world to which it's possible to ride a motorcycle.

This Adventure is not a rugged "expedition". More than 95% of the route is paved, and that which is not is generally hard-packed gravel in good condition. The trip is suitable for someone with limited off-pavement experience as well as for two-up riding.

Features of this trip to "El Fin del Mundo" provide time to explore the most interesting attractions in this part of the world.

This is surely one of the most interesting ways to get to "the end of the world!"

Key attractions include:

- Los Alerces National Park, located along the border of Argentina and Chile. The Alerce, for which the park is named, is one of the longest living trees in the world and some in the park are as old as 3,000 years.
- The small seaside town of Puerto San Julian, very rich in history, having been visited by Ferdinand Magellan, Sir Francis Drake, and Charles Darwin.
- El Calafate, the small Patagonian town from which we will visit Los Glaciers National Park and the Perito Moreno Glacier. View one of the largest and most impressive glaciers in the world, where huge chunks of ice "calve" and crash into the water regularly.
- Chile's Torres del Paine National Park, where we'll stay at a hotel situated next to a river with a great view of the park's spectacular mountains - the *Torres del Paine*.
- A ferry crossing of the Straits of Magellan to the island of Tierra del Fuego.
- Tierra del Fuego National Park, just a half-hour ride from Ushuaia.

13 days, Bariloche to Ushuaia, Argentina

January 6 - 18, 2018 / January 16 - 28, 2019

ITINERARY

- Day 1** - Arrive Bariloche

- Day 11** - Punta Arenas to Rio Grande, 165 miles
- Day 12** - Rio Grande to Ushuaia, 125 miles
- Day 13** - Depart Ushuaia

Total ~ 2,100 miles

Perito Moreno Glacier, Argentina

One of our overnight stops is Puerto San Julian - a quaint town of approximately 6,000 people. This small town is steeped in history. In 1520 Ferdinand Magellan spent the winter in the harbour. In 1578, Sir Francis Drake did the same. In 1834 Charles Darwin arrived with the Beagle survey expedition and found fossils and bones of an extinct giant creature resembling the llama and the camel. The discovery led to the inception of his theory of evolution.

Tierra del Fuego National Park, Argentina
