MYSTICAL MONGOLIA

ISLAND HOPPING
DOWN UNDER

THE ALPS

We have made a more substantial investment in

preparing for this Adventure than is customary with such comprehensive endeavors. This includes the significant experience of the support staff, including a licensed paramedic, additional medical back-up equipment, and a customized Mercedes Sprinter support vehicle for transporting rider luggage and support equipment.

Perhaps no other initiative better demonstrates our commitment to offering a “world class Adventure” than the recent enhancement to our website which incorporates a comprehensive [‘Live Waypoints’](#) feature. This feature is undergoing final testing and will be available in time for the start of the Adventure. The riders and tour leaders will post updates, photographs and blogs throughout the tour. There is also a Spot tracking device that will send live updates to the embedded map on the [Live Waypoints](#) page, allowing readers to see exactly where the group has been and is currently located.

We invite you to follow the group on this incredible 69-day, 13,000 mile motorcycle odyssey. Use the comments section at the bottom of the [Live Waypoints](#) page to comment or ask questions about the Adventure.

There is so much interest in this Adventure that we will offer it again in 2016. [Ron Ayres](#) is handling initial inquiries about the trip, so don’t hesitate to let him know if you’re interested in joining us in 2016.

Ayres Adventures will attend the 43rd annual BMW Motorcycle Owners of America rally in Billings, Montana from July 23 - 25. In addition to our presence at the booth, Ricardo Serpa and I will offer several presentations during the rally about touring the world with Ayres Adventures. I'm sure you will enjoy meeting Ricardo, our newest associate, who will focus on sales and marketing initiatives in addition to leading tours in South America and other locations around the world. We will award a free tour, the [Switchback Challenge](#), during the drawing at the grand finale of the rally. Be sure to not miss that!

We'll look forward to seeing you in Billings!

The 'Ultimate Off-Road Adventure'

Mystical Mongolia

Starting in the city of Barnaul, Eastern Siberia, our [Mongolian and Eastern Siberian Adventure](#) will take you through some of the most remote and stunning parts of Mongolia, Eastern Siberia and the Altai region - areas rarely visited by Asian motorcyclists, much less by foreigners. Not only will you enjoy rural landscapes, rugged mountains, clear lakes and abundant wildlife, but you will also experience traditional ways of life still practiced by locals today.

The [Mongolian and Eastern Siberian Adventure](#) starts on September 8, 2015 and is limited to a maximum of 8 riders. Currently, only one slot remains for this incredible Adventure. More details about this unique riding experience can be found on our [website](#).

This incomparable off-road adventure is worthy of a large tick on many adventure riders' bucket list of places to ride and visit. It is designed for very experienced riders only.

Oceania - October and November, 2015

Island Hopping Down Under

We have a few spaces available on TWO of our great Oceania Adventures: [*Australia - Adventure Down Under*](#) and [*New Zealand Top Down Adventure*](#).

Not only does [*Australia - Adventure Down Under*](#) include riding along the Great Ocean Road, arguably one of the most beautiful coastal rides in the world, it also includes an over-night ferry to the Island of Tasmania! Only a small percentage of visitors to Australia incorporate a trip to Tasmania, which was recently voted as one of the best island destinations in Oceania. You'll enjoy great accommodation at a fine hotel, while making day rides through breathtaking scenery along the best roads. You'll spend a free day in the wonderful capital city of Hobart.

After Tasmania, you'll experience the highlights of Australia, riding in the Blue Mountains and along the Great Ocean Road, before ending the tour in the beautiful city of Sydney. Beautiful scenery, great riding and evening entertainment in a wonderful hotel with á la carte dining - what more could any rider ask for? There are three slots available for this wonderful 15-day adventure! More details can be found on our website at [*Australia - Adventure Down Under*](#).

Our classic [*New Zealand Top Down Adventure*](#) offers an opportunity to experience some of New Zealand's most popular attractions and very best motorcycling roads, on both islands.

The Adventure begins on the North Island in Auckland, and ends on the South Island in Christchurch, with an abundance of unforgettable experiences in between. You'll ride the stunning roads of the Coromandel Peninsula, visit the North Island's wine country, cross Cook Strait to the South Island, visit the Fox and Franz Joseph Glaciers, and stop for a night at Mt. Cook before arriving at Christchurch.

In addition to great riding and stunning landscapes, the quality of meals and lodging are in keeping with the high standards that have become an integral part of all Ayres Adventures. Accommodations range from comfortable, middle-class hotels, to luxury accommodations and "boutique" establishments that are off the usual tourist path.

Here's hoping you can escape the bitter winter temperatures, and enjoy some Australian and/or New Zealand sunshine!
