Waypoints

North Pole Adventure

Don't miss the boat!

In the last issue of the Waypoints Bulletin we announced our latest innovative Adventure – a cruise to the [North Pole](#) via the icebreaker ship, “50 Years of Victory”. More than 50% of the tour was booked within days of our announcement!

DON'T MISS THE BOAT!

GREECE OR THE ALPS?

AFRICA - PREMIUM EXPERIENCE

CUSTOMIZED ADVENTURES

2016/2017 CATALOGUE

This unique trip also encompasses riding to a number of bucket list destinations: The North Cape, Lofoten Islands, St. Petersburg, and the Norwegian Fjordlands. It features some incredible activities as well: a helicopter flight over the

Arctic Ocean, Zodiac trips to surrounding islands to view wildlife, and a hot air balloon ride. Only three slots remain because of limited cabin availability on the icebreaker, so if you are considering this Adventure, don't let this ship sail without you!

Hosted Tours

Greece or the Alps

We've recently had a couple of Ayres Adventures friends ask to host one of our tours so that they can travel to a favored destination with a group of like-minded riders.

Rocky Mayer, owner of [Bill Mayer Saddles](#), has selected [Greece – Cradle of Western Civilization](#), a 14-day Adventure that offers spectacular riding, breathtaking scenery, and visits to cultural and historical landmarks.

As a bonus, Rocky will conduct a drawing in which three lucky participants will win a customized saddle. The tour is scheduled for October 7, 2017. Join Rocky as he “saddles-up” for Greece!!

Lisa Niforopulos and Warner Bruntjen of [Minneapolis Motorsports](#) and [St. Boni Motorsports](#) will host our [Alps Switchback Challenge](#). This seven-day tour features a series of loop rides through the Austrian, German, Italian and Swiss Alps, including the mighty Stelvio. Lisa and Warner are loyal Ayres Adventurers, who have participated in our [New Zealand](#), [Bohemian Rhapsody](#), [Scotland](#) and [Alaska/Yukon](#) Adventures.

They invite you to join them August 19, 2017 for this special Alps trip.

Africa

A Premium Experience

A few months ago I managed to escape from the office to one of my favorite destinations – Africa - to lead a private version of our [Southern Cross Adventure](#) for Cliff Sutherland, owner of [Triple S Harley-Davidson](#). This was the first time we operated a tour with mostly Harley-Davidson motorcycles – but it won't be the last. Everyone had a great time on this African Adventure – as evidenced by comments from the rider [testimonials](#). Cliff has already selected our [Bohemian Rhapsody Adventure](#) for his friends and customers in 2017.

One of the things I was reminded of on this tour is how Ayres Adventures tries to make our tours unlike anything that is available elsewhere. One of my favorite stops - a highlight of the [Southern Cross Adventure](#) - is our two-night stay at a lodge within Kruger National Park. Although this is expensive (almost \$1,700 per person) it has the wonderful benefit of allowing us to do early dawn and twilight game drives – something not available to those who stay outside the park. The lodge also offers guided safari walks inside the park – not all lodges are permitted to do so. A stay at this luxury lodge is just one of the ways we deliver a premium experience to our customers – a goal we aim for on every tour!

Customer Profile

Paul Rosenau

In addition to our regularly scheduled tours, Ayres Adventures offers riders the opportunity to customize any of our tours to suit their schedule and their particular interests. One of our riders who has availed himself of this option is Paul Rosenau of Vancouver. Paul has arranged three tours for 10-13 family and friends since 2011: a 43-day version of our [Into Africa Adventure](#) (expanded to include Namibia and Lamu Island); a 14-day [Spain and Morocco Adventure](#); and a special edition of our 35-day [Munich to Istanbul Adventure](#) in 2016. Paul is now planning several tours with Ayres Adventures in 2017/2018.

Paul is an architect whose business interests require frequent travel to China, where he has developed a number of business associates with whom he shares a common bond of motorcycle touring and adventure. However, a number of Paul's "adventurer" friends are not riders, so we booked a combination of motorcycles and multiple SUVs for them.

Because these were private tours, Paul was able to include his young son Camilo, who on the first Africa trip was only 6 years old. Now 11 years old, Camilo has travelled to 55 countries, mostly by motorcycle. Paul's wife, Karelia, and older son, Thad, also joined all three trips, and this year his daughter, Stefany, got in on the fun for the [Munich to Istanbul Adventure](#).

If you have a group of friends or family members who would like to organize an Adventure according to your own timetable and special interests, we can modify any of our existing tours, or we can create a unique trip just for you.
