New Year  
**New Tours**

As we kick off 2019 in what promises to be a very busy year, we are especially excited about the new tours we will be running for the first time.

As previously announced, our 15-day Adventure through Eastern Europe, [Berlin to Budapest](#) is a trip through history, as we travel through medieval towns, famous old

Saxon cities and ride some of the highest pass roads in Europe.

The second new European tour is our 14-day [Georgia and Armenia](#) tour, which delves into the rich history and ancient culture of the area, all while traversing the twisty roads of the Caucasus Mountain Range.

In Africa, our 16-day [Cape Town to Victoria Falls](#) Adventure begins and ends at two of the top attractions of the African continent, with an authentic sampling of the African safari experience in between. Simon and Lisa Thomas of [2 Ride World](#) asked us to design this trip for them and their friends, but it is open to everyone.

This is going to be a fun year! Hope you'll join us.

## Unique Experience

sitting atop a sand dune. Afterwards, we feasted on a Moroccan style dinner before enjoying music and dancing around the campfire.

Beginning in Malaga, Spain, this Adventure spends 10 days riding through Morocco, a fascinating, diverse and scenic part of the world. Although our Sahara adventure was the most unusual part of the tour, it is only one of many fascinating experiences on this Adventure. If you've ever entertained the idea of traveling through this part of the world, don't take as long as I did to get there. It's an unforgettable experience!

As we rode through the deep sand toward our luxury camp I wasn't at all concerned about keeping the bike upright ... because I was on a camel!! Although we have offered our [Spain and Morocco](#) Adventure for eight years, this was my first opportunity to participate, and I was blown away. On this particular night, we were on our way to our luxury camp in the Sahara Desert.

Each spacious tent had king size beds, its own shower/toilet facilities, along with heat and A/C – not exactly what you'd call roughing it! Yet there is nothing like experiencing the ethereal silence of the desert while you're watching a stunning sunset

And the Winner Is?

## Anniversary Promotion

Last year, in recognition of having completed 15 years of fantastic tours on all seven continents, we announced that anyone who traveled with us in 2018 would be entered to win a free Ayres Adventure of their choosing. For the drawing, we asked Silas, son of tour leader and partner, Claus

Lazik, to do the honors of picking the winner. To get in the spirit, Silas chose to draw from a helmet filled with the potential winners while sitting astride his BMW R1200GS. The lucky winner is Melissa Welsh from Ontario, Canada. Melissa, along with her husband Wayne Martin and daughter Claire, participated in our African *Call of the Wild* Adventure last fall. Congratulations, Melissa!

Busy Show Season

## What's Next

Since the beginning of the year I have been busy attending several trade shows, at which I had the opportunity to visit with several of our previous Adventurers, and to meet a few of you for the first time. That's the part of these shows I like best.

This week I will be at the Washington DC IMS Show (Feb 8 - 10), followed by the Toronto Motorcycle Show (Feb 15 - 17). If you're in the area please stop by to say hello.
