BMW MOA RALLY

As those of you who have travelled to New Zealand know, it is motorcycling nirvana. You never have to “pay your dues” with boring stretches to get to the really good stuff. We’ve taken riders to New Zealand for over 14 years but now have decided to add a new twist – off-road.

Inspired by the fact that BMW Motorrad is hosting the 2020 International GS Trophy in New Zealand, we have decided to add an off-road Adventure to our 2020 schedule. The route will be designed for off-road enthusiasts with a 50/50 split between gravel roads and asphalt ensuring fun riding along the scenic backroads of New Zealand. We are in the initial planning stages but if you’d like to be kept updated on our progress drop me an [\*email\*](mailto:).

Ever wondered what it would be like to be riding through the Eucalyptus Forest in Tasmania and have a kangaroo cross your path? How about taking an exhilarating 3 - minute ride through the infamous Kun Shan Tunnel in China, or sitting quietly in the jungle while watching gorilla's play less than 20 feet away?

All of these virtual experiences can be had on our [YouTube](#) channel where we've posted a collection of short videos highlighting what it's like to participate in one of our Adventures in Iceland, Australia/Tasmania, Africa and more.

So sit back in your arm chair and let Ayres Adventures take you on a quick trip around the world!

One of the things that I'm often asked is whether a rider has to stick with the group on our tours. The answer is a simple no – all of our tours offer the flexibility of riding with a small group led by the tour leader, or venturing off on your own or with a tour buddy. If you choose to ride on your own, the tour

### BMW MOA Rally

In a few days I'll be heading to Lebanon, Tennessee for the annual BMW MOA International Rally which begins Jun 13<sup>th</sup>, a month earlier than previous rallies. This year our Africa tour director, Jason Kilian, will join me in the booth. Those of you who have already travelled with Jason know what a friendly and engaging guy he is. For those of you considering one of our Africa tours, this is your chance to meet your tour leader and get the inside scoop on the exciting adventures Africa has to offer. We will be giving two presentations about our tours: Jun 13<sup>th</sup> 2 pm and Jun 14<sup>th</sup> 10:30 am. Hope to see you there.
